Town of Sullivan's Island, SC, Signs Agreement to Provide Membership to Residents

Sullivan's Island, South Carolina, has entered into an agreement with Meducare Air, giving resident's peace of mind with county-wide membership coverage.

Meducare Air is a participating provider in the AirMedCare Network, the largest air ambulance membership network in the United States. AirMedCare Network participating providers have more than 320 air medical bases across 39 states, providing air ambulance services for residents who suffer a life- or limb-threatening illness or injury.

In the event an insured Sullivan's Island, South Carolina, resident is flown by Meducare Air, or any AirMedCare Network participating provider, for a life- or limb-threatening emergency from within Charleston County South Carolina, that AMCN-participating air medical service will work with your benefits provider to secure payment for the flight. Whatever the patient's benefits provider pays is considered payment in full. Even with medical insurance, an air medical transport may leave patients and their families with unexpected out-of-pocket expenses. If the resident transported is uninsured at the time of transport, Med-Trans Corporation will bill the covered person at the "Medicare Allowable Rate" for the transport.

Sullivan's Island residents may also take advantage of upgrading to a full AirMedCare Network Membership at a discounted rate, to gain full coverage with no pickup location or insurance coverage restrictions.

For questions about membership in the AirMedCare Network program, please call 800-793-0010 or visit www.airmedcarenetwork.com. Locally, AirMedCare Network Membership Manager Wes McAden can be reached at 843-708-6192 or Wes.McAden@amgh.us.
