Contemporary and Late Classic Boats will be on display at our new site in the Battery Gadsden Complex (Farmer's Market and Cultural Center). One Design sailboats are featured but an array of preserved or restored designs are being assembled to bring people together with a common interest in historic, classic and late classic boats; powered or unpowered. Also new this year is a Maritime Museum at the Boathouse 2 blocks away on I'On with maritime artifacts and art. Here kids will have numerous activities and get to see “Coastie” the Robot. Food, Fun and Learn all you need to make your own boat. Meet the experts and learn our maritime history.
